COMPANY OVERVIEW

AppRiver LLC was founded in April of 2002 to provide simple, yet powerful e-mail security solutions to the enterprise market. Today, the privately held company has lived up to its mission, counting more than 28,000 clients on six continents relying on AppRiver e-mail protection services to maintain network security and enhance productivity. The company's success has made it one of the largest Managed Service Providers (MSPs) to the business market worldwide. Recent acknowledgements include CRN Product of the Year finalist and selection by

Red Herring magazine as one of 10 private security companies to watch in 2006. Based in Gulf Breeze, Florida, AppRiver maintains multiple Tier 1 data centers at secure locations in the United States and Europe.

PRODUCTS

Security and ease of use are the foundation of AppRiver's comprehensive e-mail protection portfolio. AppRiver eliminates junk mail, including spam and viruses, with its proven SecureTide™ service.

E-mail is also made easier and more accessible with AppRiver's innovative Microsoft Exchange Hosting Service that incorporates Akamai's Internet acceleration technology to guarantee high performance and high reliability. Exchange Hosting with AppRiver enables customers to use Outlook or Entourage from anywhere, even a cell phone.

MARKETS SERVED

AppRiver's flexible e-mail protection services enable businesses of any size to manage e-mail communications with the same level of control as the Fortune 500. Industries that deploy AppRiver e-mail protection extensively include Accounting, Insurance, Law, Financial Services, Real Estate and Healthcare. AppRiver also serves large numbers of government agencies, educational institutions and nonprofit organizations.

A commitment to preventing spam, phishing scams, viruses and other Internet pollution from impacting client operations is fundamental to the growth of the company. In fact, AppRiver's spam detection service was described as having "speed-spam and virus capture rates second to none in the security industry" in a September 2006 Frost & Sullivan Report on Pattern Recognition (Technical Insights).

CUSTOMER SUPPORT

AppRiver's success and growth is built upon exceptional client care. We continually work to improve relationships with customers and

have achieved a 97 percent customer retention rate since opening our doors five years ago. Commitment to customers includes 24x7 support, no contract requirements, a free 30-day trial, and no cancellation penalties.
