COMPANY OVERVIEW

PayCycle is the leader in online payroll. Serving accountants since 2001, the PayCycle Wholesale Program for Accounting Professionals is designed for accountants that serve small business clients.

The PayCycle service is completely online, which provides the convenience for you to run payroll "anytime, anywhere." All you need is an Internet connection. There is no software to buy or tax tables to maintain.

The online solution is easy to use and does not require previous payroll experience. Thirty-eight percent of PayCycle's accountant customers had never done payroll before using PayCycle. The PayCycle system is easy to use because it guides you through the setup process. To run payroll, pay taxes or file forms, you just follow the steps and in a few clicks you are done.

Payroll can also be quite profitable using PayCycle. A 2007 survey of PayCycle's accounting professional customers shows that most make 50 percent profit margin or more using PayCycle. Payroll has proven to be a good addition to an accounting practice because it provides year-round, predictable income.

GUARANTEED ACCURATE

PayCycle is a very safe and secure choice for client payroll. All PayCycle services are backed by our **Total Satisfaction Guarantee**. PayCycle guarantees accurate calculations for all federal, state and local taxes. In the unlikely event

calculations are incorrect, PayCycle will pay any penalties. PayCycle protects you and your clients' information and privacy using the strictest security measures including data encryption using 128-bit Secure Socket Layer (SSL) technology.

A well-known payroll technology leader, PayCycle has received numerous awards, including *The CPA Technology Advisor* 2007 Readers' Choice Award, the 2008 *Accounting Today* Top 100 Products Award, the 2007 100 Practicing Accountant Products Award and the 2008 and 2007 Sleeter Group's Awesome QuickBooks Add-on Awards.

PROFITABLE PRICING

The innovative PayCycle Program for Accounting Professionals offers a full range of services that help make client payroll profitable and easy for just \$14.99 per client, per month. When you add more than 10 clients, the price goes down to \$12.99 per client, per month for your next clients. After 20 clients, the price goes down to \$9.99 per client, per month for your next clients.

This low monthly fee includes:

- ▶ Instant paycheck calculations
- ▶ Federal electronic tax payments and filings
- ▶ State electronic tax payments and filings in most states or pre-filled state forms/worksheets provided
- ▶ Export to QuickBooks®, Peachtree®, and other leading accounting programs
- ▶ Ability to split tasks with clients to reduce your day-to-day workload
- ▶ Direct deposit
- ▶ Unlimited payroll runs
- ▶ A website where employees can view their paystubs
- ▶ E-mail reminders so you'll never miss a due-date
- ▶ Phone support from payroll experts
- ▶ Marketing resources to help you grow your practice

CLIENT INTERACTION

PayCycle is designed with the accountant's special needs in mind. The client overview screen allows accountants to access all their client information easily from anywhere. And the accountant/client access enables accountants to stay in

control of client payroll without doing all the work. For example, accountants have the option to allow clients access to their accounts to process paydays or make tax payments.

Pay taxes at the earliest date, latest date or a date in between

You decide whether to grant clients access to their account, and if so, how much. For example, you can either grant clients no access at all, payroll-only access, setup and payroll access, or full access to the account.

Creating paychecks is quick and easy for you or your clients to do

As an accounting professional, you can always go into your client's account and make any necessary adjustments.

CUSTOMER SUPPORT

PayCycle's payroll specialists deliver outstanding support to accounting professionals at no extra charge. The team includes Certified Payroll Professionals and others with extensive experience working with accountants.

COMMITMENT TO ACCOUNTANTS

PayCycle works to meet the needs of accountants by continually delivering innovative new features and product enhancements based on feedback from accountants. Thousands of accountants have discovered that PayCycle makes client payroll easier and more automated than ever before.
