

NOT-FOR-PROFIT

WHO'S WHO

AMONG THOSE SERVING THE TAX & ACCOUNTING PROFESSION

COMPANY OVERVIEW

Since 1980, GMS has designed specialized software with a demonstrated record of success for hundreds of not-for-profit and public organizations. Our clients will tell you, GMS has a clear understanding of their distinct accounting and financial reporting needs. Perhaps you know of a client that is in need of our services.

The GMS Accounting and Financial Management/Reporting System is designed to handle activity accounting. It is not a remake of a commercial accounting package or an adaptation of a job costing system, nor is it a fund accounting system but a grant and contract accounting system specific to not-for-profits. It was created and written specifically to account for grants, contracts and activities.

Our nationwide client base consists of Community Action agencies, Area Agencies on Aging, Council on Aging, Regional Planning, Area Development Districts and Council of Government, Head Starts, Oceanographic Centers, Domestic Abuse and Shelters, Legal Aid agencies and many other not-for-profits.

PRODUCTS

Products include Payroll, timesheet accounting, payroll check writing, Accounts Payable, Accounts Payable check writing, General Ledger, Cash Receipts, General Journal, Budgeting, built-in Cost Allocation and Month End Reporting right through Balance Sheet. Add-ons to the system include Accounts Receivable, Purchase Orders, Fixed Assets, Report Writer, Direct Deposit for both payroll and Accounts Payable, and many other enhancements.

MARKETS SERVED

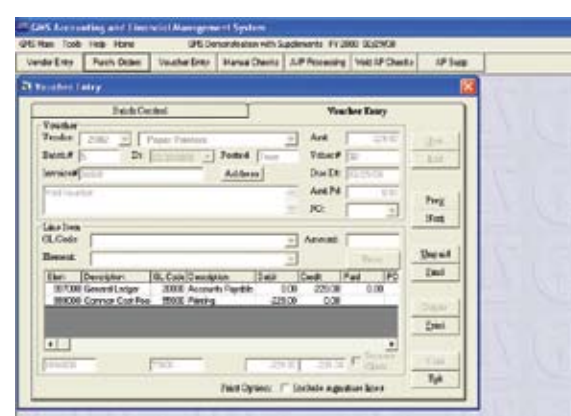

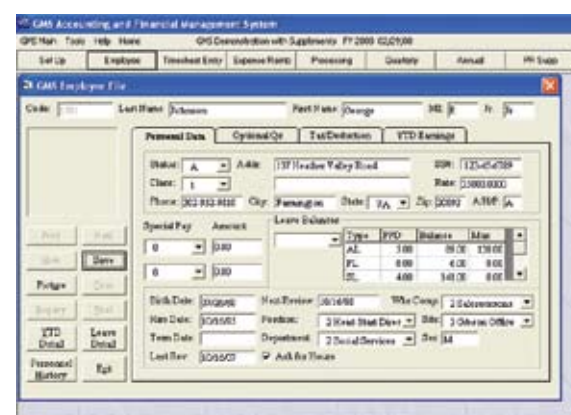

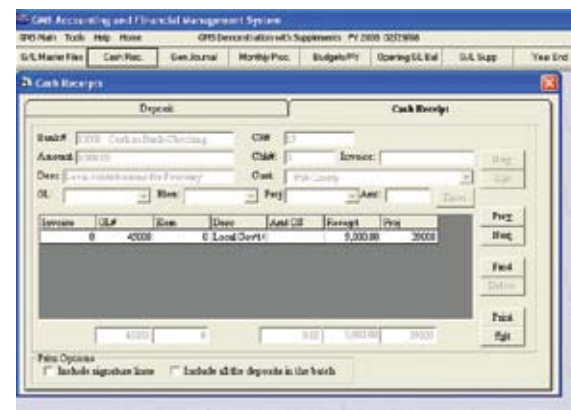

GMS takes pride in working with accounting professionals and auditors nationwide in their pursuit of providing complete accounting needs in the offices of their clientele. Consider GMS the next time one of your clients is looking for a complete not-for-profit accounting solution.

GMS has also been providing quality loan servicing software for not-for-profit agencies that administer loan programs and are in need of high-quality portfolio management and reporting for funders. This program was created by GMS in 1985 and is called the GMS Revolving Loan Servicing System.

Complete with Loan Master Files, Monthly Activity Reports, Journal Entries, Payment Status Reports, Aging Report, Analysis by Fund, Amortization Schedules and many more features, the system promises to fit all of your lending needs. Perhaps you have a client in need of this type of product.

CUSTOMER SUPPORT

We recognize the successful operation of an effective, efficient financial system requires more than superior software. For that reason, GMS provides comprehensive, flexible support including telephone support service from 8:30 a.m. until 7:00 p.m. Eastern Time Monday through Thursday and 8:30 a.m. until 5:00 p.m. on Friday. In addition, we provide a Service Chat room on our website where GMS service and support staff are available 8:30 a.m. until 5:00 p.m. Monday through Friday to provide

quick answers to less difficult questions or requests for assistance.

GMS requires On-site Training at your client's location to insure the staff makes the most of the organization's software investment. Cost for on-site training is at our prevailing rate per day plus actual travel. Training and travel will be billed as incurred. All on-site training is done by experienced GMS field staff.
